WELCOME

PRECAST BUILT AROUND HOW YOU WORK.

Custom and standard precast, made right here in the Inland Northwest. We supply general contractors, masons, subcontractors and homeowners with standard pieces from stock forms and custom pieces made to your drawings. Every piece is cast in our own molds, in our own plant.

HOW TO ORDER

Three steps

PICK YOUR MODEL

Use the selection guide on page 3 to compare every model, then turn to its page for drawings, specs and prices.

SEND US YOUR LIST

Call, email, or fill out the order form on page 7. Include model numbers, quantities, finish and the delivery address.

WE CONFIRM THE DETAILS

We'll get back to you with your total, a delivery quote and a schedule before anything is cast.

HOW PRICING WORKS

- Prices are per piece, in U.S. dollars.
- Pallet price applies to every piece once your order reaches one full pallet of that model.
- Sandblast finish adds \$200.00 per order. It comes standard on the sandblast models and can be added to any broom-finish model.

EXAMPLE: MODEL #7 · ONE PALLET = 25 PIECES

24 treads × \$97.13	\$2,331.12
25 treads (full pallet) × \$92.50	\$2,312.50

NOT INCLUDED

- Delivery and sales tax are quoted separately.
- Custom lengths, profiles and hardware are quoted per project.

WHO WE WORK WITH

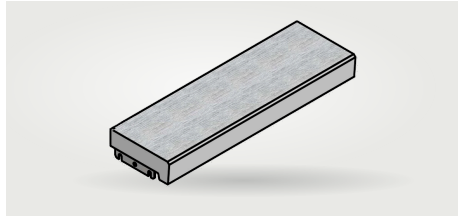

- General contractors
- Masons
- Subcontractors
- Homeowners

Prices effective October 2026 and subject to change without notice. Weights are approximate, per piece. Drawings are representative; confirm dimensions on approved shop drawings before installation.

SELECTION GUIDE

Eight standard models, every one 12" deep and cast in our own molds in Elk, WA. Broom-finish treads come in flat and L-tread profiles with bracket or insert mounting. Sandblast slab treads come in four lengths.

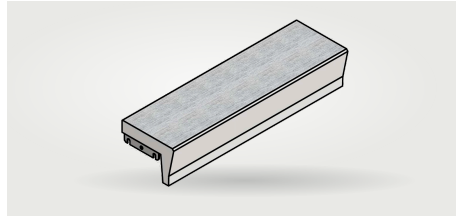

1 PICK A PROFILE

FLAT TREAD

#1, #3

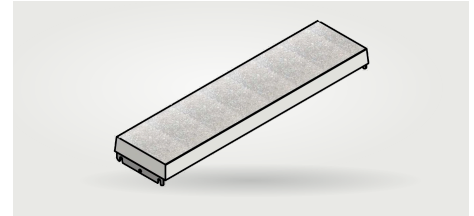

Single slab with a thickened front nose. Sits on a stringer or carriage.

L-TREAD

#2, #4

Tread and front leg cast as one piece, 8" tall at the nose.

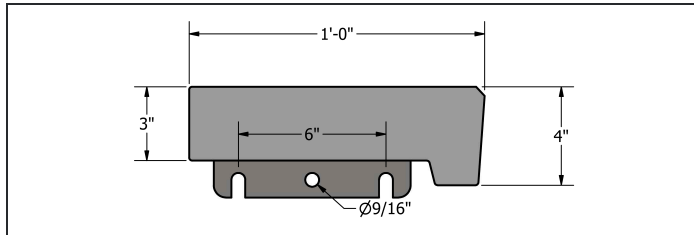

SLAB TREAD

#7 - #10

Flat 3" slab with sandblast finish, beveled or square edges.

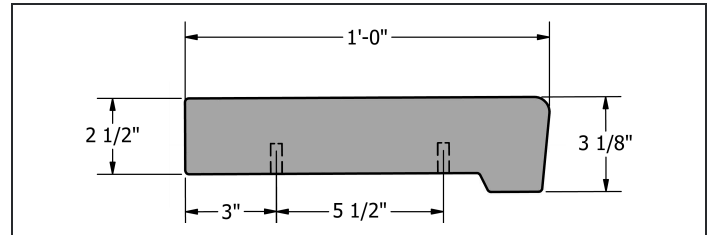

2 PICK A MOUNT

BRACKET MOUNT

#1, #2, #7 - #10

Cast-in steel bracket on the underside with two 9/16" slots and a center hole. Bolts to the stringer through the slots.

INSERT MOUNT

#3, #4

(4) 3/8" standard threaded inserts cast into the underside. Fasten from below with 3/8" bolts.

3 COMPARE & PRICE

MODEL	PROFILE	LENGTH	FINISH	MOUNT	WEIGHT	PER PALLET	PRICE EACH		PAGE
							UNDER 1 PALLET	FULL PALLET +	
#1	Flat, drip nose	3'-2"	Broom	Bracket	125 lb	20 pcs	\$90.20	\$85.90	4
